NES Handbook Acknowledgement Form 20

Message from the Founder/CEO

Success is what we strive to gear everyone for when employed at DME. My Wish is that everyone is successful and has a great experience with the Company. We wanted to have a comprehensive yet simple handbook. You will see the words “common sense” used throughout the handbook. No employee handbook can cover all situations so always use good common sense.

Lastly, we are about people and relationships. Treat others as you would like to be treated. Use the “golden rule.” We can all win if we treat our teammates, colleagues, patients and clients with respect, dignity, kindness, honesty and care. Remember, “it’s always a great day a DME!”

Donald L. Mooney
Founder/CEO

Purpose of this Handbook

We believe that each employee contributes directly to NURSES Etc Staffing’s (NES) growth and success, and we hope you take pride in being a member of our team. The handbook is designed to serve as a general guide to help you become acquainted with NES’ practices, standards, policies and expectations as an NES Caregiver. The Company reserves the right to amend, modify withdraw or implement policies at any time. Receipt of this handbook in no manner constitutes a contract or guarantee of employment. After reading all sections of the Handbook that follow, sign and return the included Handbook Acknowledgment Form to NES.

Code of Ethics and Business Conduct

Act with Integrity and Honesty

DNES expects all employees to act with integrity and honesty in all matters related to Company business. Employees may not obtain or use any property or services of the Company/facility, fellow employees, patients, customers, visitors or vendors in a manner other than that authorized by Company policy or by federal, state or local laws.

Employee Behavior

Employees must perform their assigned duties to the best of their ability and in the best interest of fellow employees, customers, patients, visitors and vendors. Employees must not take action that creates a risk, harm or damage to themselves, another person, Company/facility property, or others.

Employees must adhere to and fully comply with all Company policies and procedures, which can be found in the Code or obtained by request to the Human Resources Department. Employees must be conscious of the fact that they can be agents of the Company/facility, and as such, their actions may be attributed to the Company/facility under certain circumstances even while off duty. Therefore, they should avoid situations that place the Company/facility at risk or call their professionalism into question.

HIPPA Privacy Rule

NES Caregivers must understand that as an employee of NES and a worker at the facility in which they are placed, it is the responsibility of the NES employee to protect the confidentiality of patients medical information. Failure to maintain patient confidentiality may lead to disciplinary actions or discharge. By signing the handbook acknowledgement, employees have read and understand the above policy and will comply.

Conflicts of Interest

We must avoid any relationship or activity that might impair, or even appear to impair, our ability to make objective and fair decisions when performing our jobs. At times, we may be faced with situations where the business actions we take on behalf of NES may conflict with our own personal or family interests. We owe a duty to NES to advance its legitimate interests when the opportunity to do so arises. We must never use NES property or information for personal gain or personally take for ourselves any opportunity that is discovered through our position with NES.

Here are some other ways in which conflicts of interest could arise:

1. Being employed (you or a close family member) by, or acting as a consultant to, a competitor or potential competitor, supplier or contractor, regardless of the nature of the employment, while you are employed with NES.
2. Hiring or supervising family members or closely related persons.
3. Serving as a board member for an outside commercial company or organization.
4. Owning or having a substantial interest in a competitor, supplier or contractor.
5. Having a personal interest, financial interest or potential gain in any NES transaction.
6. Placing company business with a firm owned or controlled by a NES employee or his or her family.
7. Accepting gifts, discounts, favors or services from a customer/potential customer, competitor or supplier, unless equally available to all NES employees.

Determining whether a conflict of interest exists is not always easy to do. Employees with a conflict of interest question should seek advice from management. Before engaging in any activity, transaction or relationship that might give rise to a conflict of interest, employees must seek review from their managers or the HR Department.

Gifts, Gratuities and Business Courtesies

NES is committed to competing solely on a merit of our products and services. We should avoid any actions that create a perception that favorable treatment of outside entities by NES was sought, received or given in exchange for personal business courtesies. Business courtesies include gifts, gratuities, meals, refreshments, entertainment or other benefits from persons or companies with whom NES does or may do business. We will neither give nor accept business courtesies that constitute, or could reasonably be perceived as constituting, unfair business inducements that would violate law, regulation or policies of NES or customers, or would cause embarrassment or reflect negatively on NES' reputation.

Employment Policies

At-Will Employment

The State of Texas is an "at-will" employment state, which means, except as otherwise provided by law and absent any express contractual provisions to the contrary, employers and employees are free to end the employment relationship at any time for any reason. This employee handbook does not alter that at-will relationship nor does it constitute a contract for employment between the Company, its subsidiaries, and its employees. Employees of the Company, either employee or the Company are at all times employed at-will; in other words, either the employee or the Company may terminate the relationship at any time with or without notice, and without reason or cause. Your employment is for an indefinite period, and you cannot be guaranteed continued employment or any set

amount of hours of work. No alterations to the nature of the at-will employment arrangement can be made except by the CEO in writing bearing the CEO's signature.

Equal Employment Opportunity/Affirmative Action

NES is an equal employment opportunity employer. Qualified applicants will be considered for vacancies without regard to race, color, religion, sex, national origin/citizenship/ancestry, age, disability, covered veteran status, marital status, sexual orientation, gender identity, genetic information, or any other protected class status.

Equal employment opportunity applies to all programs administered by NES, including all employment decisions, such as those affecting hiring, promotion, demotion, or transfer; compensation and benefits; and reduction in force and termination as required by law.

NES assigns a high priority to the implementation of its equal employment opportunity policy and to assure compliance with all laws prohibiting discrimination in employment programs. Employees of NES are encouraged to contact the NES Staffing Coordinator or a Human Resources Representative regarding any questions or concerns about these matters.

Americans with Disabilities Act

NES does not discriminate against individuals with disabilities. The Company is committed to providing employees with the appropriate resources to aide and support them while at the work site.

If you are an individual with a disability and you require a reasonable accommodation to perform the essential functions of your job, contact the NES Human Resources Department. The Human Resources Department will work with you to determine how best to accommodate your disability.

Proof of Eligibility to Work as Required by Law

NES is committed to employing only individuals who are authorized to work in the United States. On or about your first day of work, but within three (3) days of your start date, you will be required to complete the Federal Form I-9 and provide documents establishing your identity and eligibility for employment in the United States of America. Failure to produce the necessary proof according to the applicable laws will result in the postponement of employment.

Diversity and Sensitivity

NES appreciates the diversity of our employees, NES Caregivers, Clients and other business associates and expects that our NES Caregivers do the same. This includes consideration of other feelings and sensitivity to their ethnicity, morals, age and religious beliefs, among other things.

Unlawful Discrimination or Harassment

NES is committed to maintaining a respectful workplace that includes a working environment free from all forms of unlawful discrimination and conduct that could be considered harassing, intimidating, coercive, bullying, or disruptive based on a protected characteristic. This policy specifically prohibits discrimination or harassment based on gender, race, color, religion, national origin, age, disability, genetic information, military service, veteran status, marital status or any other protected by law. This policy also prohibits retaliation against NES Caregivers who engage in protected activity (i.e., opposition to prohibited discrimination, or making a complaint of discrimination or harassment) or any other protected characteristic. For purposes of this policy, NES' policy against discrimination and harassment applies to all work-related settings and activities, whether inside or outside the workplace, and includes client facilities/locations, business trips, and business-related social events. It prohibits harassment or discrimination by NES Caregivers and by non-NES partners (e.g., contractors, clients, client's employees, vendors,

etc.). Furthermore, this policy prohibits the use of all types of forms of Company or client equipment to engage in any form of discrimination or harassment. NES reserves the right to identify and interpret actions that may be deemed in violation of this policy and take appropriate disciplinary action. NES will take appropriate and immediate action in response to complaints or knowledge of violations.

Sexual Harassment

The Company's policy against sexual harassment includes a prohibition against unwanted sexual advances, or requests for sexual favors, or other physical or verbal conduct of a sexual nature. Submission or rejection of such conduct that is used as a basis for employment decisions, any language that is intimidating, humiliating, or offensive in the workplace, or other verbal harassment, could help to create a hostile work environment. While it is not possible to list all circumstances that would violate the Company's policy against sexual harassment, the following are some examples: unwelcome sexual advances (either verbal or physical), whether they involve physical touching or not; request for sexual favors in exchange of actual or promised job benefits such as favorable reviews, salary increases, promotions, increased benefits, or continued employment; or coerced sexual acts. Depending on the circumstances, the following conduct may also violate the Company's policy against sexual harassment:

- Use of sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life
- Sexually oriented comments about an individual's body or comments about an individual's sexual activity, deficiencies, or prowess
- Displaying sexually suggestive objects, pictures, cartoons
- Unwelcome leering, whistling, touching, deliberate brushing against the body in a suggestive manner
- Sexual gestures, suggestive or insulting comments

Retaliation is Prohibited

NES expressly forbids retaliation against anyone who has reported harassment or discrimination or who has cooperated in the investigation of harassment complaints.

No hardship, loss, benefit or penalty may be imposed on an employee in response to the employee:

- Filing a bona fide complaint of discrimination or harassment
- Appearing as a witness in the investigation of a complaint
- Serving as an investigator of a complaint

All reports will be taken seriously and kept in confidence, and limited to those Caregivers who are directly affected, or those who have witnessed any behavior (verbal or physical) or incident related to report. If you feel that you have been the subject of retaliation, you must contact the NES Human Resource Department immediately at (210) 566-9995.

Whistleblower Policy

NES encourages you to report improper activities in the workplace (whether at NES office or client facility) and will protect you from retaliation for making any such report in good faith. Your concerns will be handled confidentially and without retribution or reprisal by NES. You have the right to report, without suffering retaliation, any activity that you reasonably believe: violates any state or federal law.; violates or amounts to noncompliance with state or federal rule or regulation; violates the Company's fiduciary responsibilities; or violates patients' rights or safety in a clinical setting.

It is your duty to comply with all applicable laws. You may refuse to participate in an activity that would result in the violations of any state or federal statutes or violations or noncompliance with any state or federal rule or

regulations. If you suspect a violation, you are required to report the situation(s) to the NES Human Resource Department. You may also report information regarding possible unlawful activity to the appropriate government or law enforcement agency. NES Caregivers who believe they have been retaliated against for whistle-blowing may file a complaint with the Human Resource or with the appropriate reporting agency.

Workplace Safety and Violence Prevention Policy

It is the policy of NES to prohibit any acts or threats of violence (verbal or physical) by any employee, former employee, patient, or individual in or about the Company's facilities while on duty, on or off the Company's premises, including remote worksites, at any time. Such actions will not be tolerated, and may lead to disciplinary action, up to immediate termination of employment. All threats of violence to corporate employees while on duty will be investigated. Threats of violence will include threats that are physical or verbal, or threats via text, email, mobile and work phone.

Employees have a duty to warn both their facility supervisor and the NES Staffing Coordinator if they are aware of or suspect any potential situation, incident, or ongoing workplace behavior involving other employees, former employees, patients, or individuals that may be physically threatening or violent in nature and endanger the safety of employees or other individuals on the premises of the Company/facility/remote worksite.

Reporting an incident of workplace violence or unsafe conditions does not reflect on the employee's ability to handle their job duties effectively. Maintaining vigilance and caring for the patient is the duty of the caregiver, although dealing with violent behavior from patients or receiving injuries is not. Employees should not fear reprisal for reporting instances of workplace violence.

All communication with the press, radio or television about a violent workplace incident or hostile threat related to NES, its subsidiaries, or employees will be addressed only by the CEO, or other duly authorized representative(s) selected by the CEO. Employees are prohibited from discussing any violent workplace incident or hostile threat involving NES business with any press, radio, television or other electronic or social media without the express authorization of the CEO.

NES is committed to the safety of every employee, if you have any concerns regarding your safety, contact your facility supervisor, the NES Staffing Coordinator, and the NES Human Resources Department. For clarification of this policy, contact the NES Human Resources Department.

Complaint Procedure for Employee-Patient Encounters, Harassment, or Volatile Situations

NES Caregivers are required to immediately report concerns or incidents of alleged or actual harassment, discrimination, or incidents of violence to the NES Human Resource Department. The Company cannot address a problem if it does not know a problem exists. It is important for employees to come forward and report any discriminatory, harassing, violent or retaliatory behavior by coworkers, patients, or onsite supervisors. The Company prohibits taking negative action against any NES employee for reporting a possible deviation from this policy, law, or regulation, or for cooperating in an investigation.

1. When a violation of the Workplace Safety and Violence Prevention Policy occurs, contact following individuals immediately:
 - a. Your facility supervisor
 - b. NES Staffing Coordinator: 210-774-4965

c. NES Human Resources Department: 210-566-9995

2. After making contact with each of the above individuals, you must follow up with the HR Department with an email documenting the incident within 24 hours of the occurrence.

Position Types, Schedules, Hours of Work, Payroll Information and Personnel Policies

NES Caregivers are classified as non-exempt (hourly), are paid at least the federal minimum wage for the actual number of hours they work, and are eligible to receive overtime pay.

Full-time: NES Caregivers are considered as full-time temporary status when they perform their work duties in support of client needs and are normally assigned to a client facility and work a minimum of a 30-hour workweek, on average when measured over the course of 90 days length of service. Full-time temporary caregivers are scheduled during the days and times to meet the needs and stipulations of the client.

Part-time: NES Caregivers regularly work less than 30 hours per workweek to be scheduled on days and times to meet the needs and stipulations of the client.

Reporting Time Worked

NES Caregivers will follow the Company's defined work week, assigned client operational schedule (including holidays) and work all hours and time for which they are scheduled. Timesheets (manual or electronic) must be submitted at the end of every shift with the Client's approval using the established timekeeping system in place at the client facility, or directly to NES if no electronic timekeeping exists. You are expected to accurately report all hours worked, submit timely and seek client/facility approval for any overtime hours. Generally, overtime is defined as hours worked over 40 hours during the established workweek. Non-exempt NES Caregivers will receive overtime pay for hours worked over 40 hours in a single work week. All overtime must be approved by client either prior to shift or at the end of the shift. Holidays and other absences from work will not be considered as hours worked when calculating overtime/pay.

Non-exempt NES Caregivers are expressly prohibited from performing any work "off-the-clock." You must immediately notify the NES Human Resources Department if anyone requests that you work off-the-clock. Non-exempt, full-time temporary NES Caregivers are allowed unpaid meal period of a minimum of 30 minutes as scheduled by your immediate supervisor at the client facility. Part-time non-exempt NES Caregivers will have the option to take short break(s) as scheduled by their supervisor(s) at the client facility.

Attendance and Punctuality

Excellent customer service is critical to NES' success. Accurate scheduling and scheduling adherence is essential to ensure the appropriate levels of staffing are available to meet our customer's needs. The Company's employees have the responsibility to be available to meet our customer's needs and adhere to their schedules. Adherence to one's schedule ensures that our customers have full coverage, thus providing an appropriate level of service to our customers and for our fellow employees.

- All NES Caregivers are required to pick up their first shift within their first 14 days of employment with NES

- All NES Caregivers are required to work a minimum of 48 hours per month and have no more than 30 consecutive days of inactivity in order to maintain an “active” employment status.
- It is the employee’s responsibility to contact NURSES Etc for further assignment after completion of each assignment. Failure to meet these expectations will be considered a voluntary resignation.
- Arriving more than fifteen (15) minutes late to the scheduled shift without notifying the staffing coordinator could be considered a No Call/No Show, and may lead to disciplinary action, up to and including termination.

Absences

Employees are responsible for notifying and receiving acknowledgement from the NES Staffing Coordinator of all absences from any scheduled shifts. If you will not be able to make your scheduled shift, you MUST notify NES at least two hours prior to that shift. The NES office is open Monday-Friday 8:30 am – 5:30 pm CST; however, someone is on call 24/7. Our office number is: (210) 774-4965.

- Employees must communicate all absences via call or text; employees may NOT use email to communicate an absence
- Employees must receive acknowledgment from the NES Staffing Coordinator for the absence/tardy to be excused. Leaving a message on voicemail is not an acceptable method of notifying the department of an absence.
- Employees must communicate directly to the NES Staffing Coordinator, or another member of the Commercial Staffing Team, and may not have a third party call in for them, unless the employee cannot call in for themselves due to special or unique circumstances (*e.g.*, hospitalization, car accident, serious health condition, etc.).
- Failure to report an absence from a scheduled shift is considered a No Call/No Show, and failure to report your absence at least two (2) hours before the start of the shift will also be regarded as a No Call/No Show.
- A No Call/No Show during an employee’s introductory period, or first ninety (90) days of employment, will be grounds for immediate termination of employment.
- Missing two scheduled shifts due to a No Call/No Show during a six (6) month period will be grounds for immediate termination.
- Employees failing to call in and report to work for two (2) consecutively scheduled shifts is considered job abandonment. Job abandonment will be deemed a voluntary resignation.
- If a shift is missed due to a doctor’s appointment, you will need to provide a note from your doctor to NES for your personnel file. If you have an emergency that requires you to miss a shift, please notify the NES Staffing Coordinator immediately so that we can document your absence.
- The Counseling and or Termination Form should be used to formally document and track all discussions relating to attendance issues. Once completed, forms are maintained in the employee’s personnel file.

Your signature of the handbook acknowledgement indicates that you have read and understand the requirements when you miss a scheduled shift.

Be advised that depending on contractual agreements between NES and its clients excessive unscheduled absences on your part may result in a hardship penalty for which you would be financially responsible. To avoid these potential hardship penalties if you cancel a shift, it is your responsibility to inform your immediate supervisor at the client's facility when you are available later in the same week to try and make up the shift that you missed.
- Days off occurring during your contract must be submitted and approved by client in advance of your start date. To call-off, you may call NES at (210) 774-4965
