Message from the Founder/CEO

Success is what we strive to gear everyone for when employed at DME. My Wish is that everyone is successful and has a great experience with the Company. We wanted to have a comprehensive yet simple handbook. You will see the words “common sense” used throughout the handbook. No employee handbook can cover all situations so always use good common sense.

Lastly, we are about people and relationships. Treat others as you would like to be treated. Use the “golden rule.” We can all win if we treat our teammates, colleagues, patients and clients with respect, dignity, kindness, honesty and care.

Remember, “it’s always a great day a DME!”

Donald L. Mooney
Founder/CEO

The Company reserves the right to modify the provisions of this handbook at any time.

Purpose of this Handbook

We believe that each employee contributes directly to NURSES Etc STAFFING's (NES) growth and success, and we hope you take pride in being a member of our team. The handbook is designed to serve as a general guide to help you become acquainted with NES' practices, standards, policies and expectations as an NES Caregiver. The Company reserves the right to amend, modify withdraw or implement policies at any time. Receipt of this handbook in no manner constitutes a contract or guarantee of employment. After reading all sections of the Handbook that follow, sign and return the included Handbook Acknowledgment Form to NES.

Mission

Provide human capital resources and customize workforce solutions. We provide these services to commercial businesses, the government, and Department of Defense. DME is a leader in the staffing industry, establishing a business model that leverages customer service and long-lasting business relationships.

Act with Integrity and Honesty

NES expects all employees to act with integrity and honesty in all matters related to Company

business. Employees may not obtain or use any property or services of the Company/facility, fellow employees, patients, customers, visitors, or vendors in a manner other than that authorized by Company policy or by federal, state or local laws.

Employee Behavior

Employees must perform their assigned duties to the best of their ability and in the best interest of fellow employees, customers, patients, visitors, and vendors. Employees must not take action that creates a risk, harm or damage to themselves, another person, Company/facility property, or others.

Employees must adhere to and fully comply with all Company policies and procedures, which can be found in the Code or obtained by request to the Human Resources Department. Employees must be conscious of the fact that they can be agents of the Company/facility, and as such, their actions may be attributed to the Company/facility under certain circumstances even while off duty. Therefore, they should avoid situations that place the Company/facility at risk or call their professionalism into question.

HIPPA Privacy Rule

NES Caregivers must understand that as an employee of NES and a worker at the facility in which they are placed, it is the responsibility of the NES employee to protect the confidentiality of patients' medical information. Failure to maintain patient confidentiality may lead to disciplinary actions or discharge. By signing the handbook acknowledgement, employees have read and understand the above policy and will comply.

Conflicts of Interest

We must avoid any relationship or activity that might impair, or even appear to impair, our ability to make objective and fair decisions when performing our jobs. At times, we may be faced with situations where the business actions we take on behalf of NES may conflict with our own personal or family interests. We owe a duty to NES to advance its legitimate interests when the opportunity to do so arises. We must never use NES property or information for personal gain or personally take for ourselves any opportunity that is discovered through our position with NES.

Here are some other ways in which conflicts of interest could arise:

1. Being employed (you or a close family member) by, or acting as a consultant to, a competitor or potential competitor, supplier or contractor, regardless of the nature of the employment, while you are employed with NES.
2. Hiring or supervising family members or closely related persons.
3. Serving as a board member for an outside commercial company or organization.
4. Owning or having a substantial interest in a competitor, supplier or contractor.

5. Having a personal interest, financial interest or potential gain in any NES transaction.
6. Placing company business with a firm owned or controlled by a NES employee or his or her family.
7. Accepting gifts, discounts, favors or services from a customer/potential customer, competitor or supplier, unless equally available to all NES employees.

Determining whether a conflict of interest exists is not always easy to do. Employees with a conflict-of-interest question should seek advice from management. Before engaging in any activity, transaction or relationship that might give rise to a conflict of interest, employees must seek review from their managers or the HR Department.

Gifts, Gratuities and Business Courtesies

NES is committed to competing solely on a merit of our products and services. We should avoid any actions that create a perception that favorable treatment of outside entities by NES was sought, received or given in exchange for personal business courtesies. Business courtesies include gifts, gratuities, meals, refreshments, entertainment or other benefits from persons or companies with whom NES does or may do business. We will neither give nor accept business courtesies that constitute, or could reasonably be perceived as constituting, unfair business inducements that would violate law, regulation or policies of NES or customers, or would cause embarrassment or reflect negatively on NES' reputation.

Employment Policies

At-Will Employment

The State of Texas is an "at-will" employment state, which means, except as otherwise provided by law and absent any express contractual provisions to the contrary, employers and employees are free to end the employment relationship at any time for any reason. This employee handbook does not alter that at-will relationship, nor does it constitute a contract for employment between the Company, its subsidiaries, and its employees. Employees of the Company, either employee or the Company are at all times employed at-will; in other words, either the employee or the Company may terminate the relationship at any time with or without notice, and without reason or cause. Your employment is for an indefinite period, and you cannot be guaranteed continued employment or any set number of hours of work. No alterations to the nature of the at-will employment arrangement can be made except by the CEO in writing bearing the CEO's signature.

Equal Employment Opportunity/Affirmative Action

NES is an equal employment opportunity employer. Qualified applicants will be considered for vacancies without regard to race, color, religion, sex, national origin/citizenship/ancestry, age,

disability, covered veteran status, marital status, sexual orientation, gender identity, genetic information, or any other protected class status.

Equal employment opportunity applies to all programs administered by NES, including all employment decisions, such as those affecting hiring, promotion, demotion, or transfer; compensation and benefits; and reduction in force and termination as required by law.

NES assigns a high priority to the implementation of its equal employment opportunity policy and to assure compliance with all laws prohibiting discrimination in employment programs. Employees of NES are encouraged to contact the NES Staffing Coordinator or a Human Resources Representative regarding any questions or concerns about these matters.

Americans with Disabilities Act

NES does not discriminate against individuals with disabilities. The Company is committed to providing employees with the appropriate resources to aid and support them while at the work site.

If you are an individual with a disability and you require reasonable accommodation to perform the essential functions of your job, contact the NES Human Resources Department. The Human Resources Department will work with you to determine how best to accommodate your disability.

Proof of Eligibility to Work as Required by Law

NES is committed to employing only individuals who are authorized to work in the United States. On or about your first day of work, but within three (3) days of your start date, you will be required to complete the Federal Form I-9 and provide documents establishing your identity and eligibility for employment in the United States of America. Failure to produce the necessary proof according to the applicable laws will result in the postponement of employment.

Diversity and Sensitivity

NES appreciates the diversity of our employees, NES Caregivers, Clients and other business associates and expects that our NES Caregivers do the same. This includes consideration of other feelings and sensitivity to their ethnicity, morals, age and religious beliefs, among other things.

Unlawful Discrimination or Harassment

NES is committed to maintaining a respectful workplace that includes a working environment free from all forms of unlawful discrimination and conduct that could be considered harassing, intimidating, coercive, bullying, or disruptive based on a protected characteristic. This policy

specifically prohibits discrimination or harassment based on gender, race, color, religion, national origin, age, disability, genetic information, military service, veteran status, marital status or any other protected by law. This policy also prohibits retaliation against NES Caregivers who engage in protected activity (i.e., opposition to prohibited discrimination, or making a complaint of discrimination or harassment) or any other protected characteristic. For purposes of this policy, NES' policy against discrimination and harassment applies to all work-related settings and activities, whether inside or outside the workplace, and includes client facilities/locations, business trips, and business-related social events. It prohibits harassment or discrimination by NES Caregivers and by non-NES partners (e.g., contractors, clients, client's employees, vendors, etc.). Furthermore, this policy prohibits the use of all types of forms of Company or client equipment to engage in any form of discrimination or harassment. NES reserves the right to identify and interpret actions that may be deemed in violation of this policy and take appropriate disciplinary action. NES will take appropriate and immediate action in response to complaints or knowledge of violations.

Sexual Harassment

The Company's policy against sexual harassment includes a prohibition against unwanted sexual advances, or requests for sexual favors, or other physical or verbal conduct of a sexual nature. Submission or rejection of such conduct that is used as a basis for employment decisions, any language that is intimidating, humiliating, or offensive in the workplace, or other verbal harassment, could help to create a hostile work environment. While it is not possible to list all circumstances that would violate the Company's policy against sexual harassment, the following are some examples: unwelcome sexual advances (either verbal or physical), whether they involve physical touching or not; request for sexual favors in exchange of actual or promised job benefits such as favorable reviews, salary increases, promotions, increased benefits, or continued employment; or coerced sexual acts.

Depending on the circumstances, the following conduct may also violate the Company's policy against sexual harassment:

- Use of sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life
- Sexually oriented comments about an individual's body or comments about an individual's sexual activity, deficiencies, or prowess
- Displaying sexually suggestive objects, pictures, cartoons
- Unwelcome leering, whistling, touching, deliberate brushing against the body in a suggestive manner
- Sexual gestures, suggestive or insulting

Retaliation is Prohibited

NES expressly forbids retaliation against anyone who has reported harassment or discrimination or who has cooperated in the investigation of harassment complaints.

No hardship, loss, benefit, or penalty may be imposed on an employee in response to the employee:

- Filing a bona fide complaint of discrimination or harassment
- Appearing as a witness in the investigation of a complaint
- Serving as an investigator of a complaint

All reports will be taken seriously and kept in confidence, and limited to those Caregivers who are directly affected, or those who have witnessed any behavior (verbal or physical) or incident related to report. If you feel that you have been the subject of retaliation, you must contact the NES Human Resource Department immediately at (210) 566-9995.

Whistleblower Policy

NES encourages you to report improper activities in the workplace (whether at NES office or client facility) and will protect you from retaliation for making any such report in good faith. Your concerns will be handled confidentially and without retribution or reprisal by NES. You have the right to report, without suffering retaliation, any activity that you reasonably believe violates any state or federal law.; violates or amounts to noncompliance with state or federal rule or regulation; violates the Company's fiduciary responsibilities; or violates patients' rights or safety in a clinical setting.

It is your duty to comply with all applicable laws. You may refuse to participate in an activity that would result in the violations of any state or federal statutes or violations or noncompliance with any state or federal rule or regulations. If you suspect a violation, you are required to report the situation(s) to the NES Human Resource Department. You may also report information regarding possible unlawful activity to the appropriate government or law enforcement agency. NES Caregivers who believe they have been retaliated against for whistleblowing may file a complaint with the Human Resource or with the appropriate reporting agency.

Workplace Safety and Violence Prevention Policy

It is the policy of NES to prohibit any acts or threats of violence (verbal or physical) by any employee, former employee, patient, or individual in or about the Company's facilities while on duty, on or off the Company's premises, including remote worksites, at any time. Such actions will not be tolerated, and may lead to disciplinary action, up to immediate termination of employment. All threats of violence to corporate employees while on duty will be investigated. Threats of violence will include threats that are physical or verbal, or threats via text, email,

mobile and work phone.

Employees have a duty to warn both their facility supervisor and the NES Staffing Coordinator if they are aware of or suspect any potential situation, incident, or ongoing workplace behavior involving other employees, former employees, patients, or individuals that may be physically threatening or violent in nature and endanger the safety of employees or other individuals on the premises of the Company/facility/remote worksite.

Reporting an incident of workplace violence or unsafe conditions does not reflect on the employee's ability to handle their job duties effectively. Maintaining vigilance and caring for the patient is the duty of the caregiver, although dealing with violent behavior from patients or receiving injuries is not. Employees should not fear reprisal for reporting instances of workplace violence.

All communication with the press, radio or television about a violent workplace incident or hostile threat related to NES, its subsidiaries, or employees will be addressed only by the CEO, or other duly authorized representative(s) selected by the CEO. Employees are prohibited from discussing any violent workplace incident or hostile threat involving NES business with any press, radio, television or other electronic or social media without the express authorization of the CEO.

NES is committed to the safety of every employee, if you have any concerns regarding your safety, contact your facility supervisor, the NES Staffing Coordinator, and the NES Human Resources Department. For clarification of this policy, contact the NES Human Resources Department.

Performance Evaluations

NES regularly requests feedback on their Clinical Caregivers from clients. Performance evaluations are completed annually from the hire date. NES considers requests for assignment extensions and continued Per Diem scheduling as positive client feedback and a positive Performance Evaluation. Client remarks and comments will be evaluated by NES and if deficiencies are noted, training and remediation may be made available to the Clinical Caregiver. Trends of negative feedback will be discussed with Commercial Vice President.

Clinical Incidents & Sentinel Events

Clinical staff must recognize the importance of following effective procedures and are encouraged to speak up if something has compromised or might compromise patient safety and quality.

A Clinical Incident is any event or series of events that resulted in or had the potential to result in an adverse patient outcome. Examples of a clinical incident include but are not limited to omission of treatment, deviation from policy, medication errors, improper equipment usage,

complications from a blood transfusion, patient fall, inaccurate clinical assessment, patient, or physician complaint. Employees should notify NURSES Etc STAFFING of any clinical incidents that occur while on assignment, regardless of an adverse outcome.

A sentinel event is an unexpected occurrence involving serious physical or psychological injury or death or the risk thereof. These events must be reported to your Staffing Coordinator within 24 hours of the occurrence. The hospital will conduct a Root Cause Analysis for all sentinel events, to identify the causes of the error. Your Staffing Coordinator will work closely with any staff involved in an error, including supporting them through the difficult time, facilitate communication between the clinical staff and the customer about the event, and based on the root cause analysis, plan for improvement activities.

Assessments and Testing

To meet the compliance of NURSES Etc STAFFING assessments are assigned to each employee dependent on their position title, both during the onboarding process and annually throughout the duration of employment. The assessments are validated, compliant testing that covers a comprehensive span of clinical and non-clinical subject areas meeting the latest evidence-based practice guidelines required for facilities. Completion of these assignments is required for continued employment with NURESES Etc STAFFING. All initial and annual testing will be non-compensated for and must be completed during off-duty hours.

Competency

NES hires Clinical Caregivers based on their skills, education, training and experience relevant to the position or assignment for which they are hired. NES requires Clinical Caregivers to self-assess their competency in an area using a Skills Checklist specific to their specialty/ training and pass competency exams with a minimum score of 70%, unless stated otherwise per client requirements. Please note all Acute Hospital settings will require a minimum score of 80%. NES Clinical Caregivers must satisfy all requirements for competency and any additional client requirements.

Caregivers with expiring items/ credentials must provide updated, unexpired documents to continue working their assigned shifts with no interruptions. Clinical Caregivers may not be allowed back to an assignment or assigned shifts until renewed items/ credentials are provided to

NES. NES Compliance will notify Clinical Caregivers in advance of expiration dates in order to allow Clinical Caregivers time to make the arrangements to renew expiring credentials.

Examples of expiring items that must be promptly updated are, but not limited to: licensure/certification/registration, life support training (BLS, ACLS, PALS, NRP, AWHONN, etc.), Certain vaccinations any previously listed annual requirements or additional requirements by NES client's.

Clinical Caregivers are expected to provide the requested health record information in a timely and compliant manner to expedite the onboarding process.

Complaint Procedure for Employee-Patient Encounters, Harassment, or Volatile Situations

NES Caregivers are required to immediately report concerns or incidents of alleged or actual harassment, discrimination, or incidents of violence to the NES Human Resource Department. The Company cannot address a problem if it does not know a problem exists. It is important for employees to come forward and report any discriminatory, harassing, violent or retaliatory behavior by coworkers, patients, or onsite supervisors. The Company prohibits taking negative action against any NES employee for reporting a possible deviation from this policy, law, or regulation, or for cooperating in an investigation.

adherence is essential to ensure the appropriate levels of staffing are available to meet our customer's needs. If you will not be able to make your scheduled shift, you MUST notify NES at least two hours prior to that shift. The NES office is open Monday-Friday 8:30 am – 5:30 pm CST; however, someone is on call 24/7. Our office number is: (210) 774-4965.

- Failure to report an absence from a scheduled shift is considered a No Call/No Show, and failure to report your absence at least two (2) hours before the start of the shift will also be regarded as a No Call/No Show.
- A No Call/No Show during an employee's introductory period, or first ninety (90) days of employment, will be grounds for immediate termination of employment.
- Missing two scheduled shifts due to a No Call/No Show during a six (6) month period will be grounds for immediate termination.
- Employees failing to call in and report to work for two (2) consecutively scheduled shifts is considered job abandonment. Job abandonment will be deemed a voluntary resignation.

- The Counseling and or Termination Form should be used to formally document and track all discussions relating to attendance issues. Once completed, forms are maintained in the employee's personnel file.
